To whomsoever it may concern

This letter is a recommendation for **Mr. Debjyoti Sikdar** who has been an intern with our organization Child, Rights and You (CRY) **from 10th November 2023 to 20th December 2023**. He has successfully completed Winter Internship at CRY.

Debjyoti has been an integral part of our winter internship team and actively participated in all the tasks. As part of his internship, Debjyoti has raised awareness through various activities to support and promote Right to Play and has become a top fundraiser by raising **11,499/-** funds and reaching out to 66 donors through this program.

We trust that he will remain in touch with CRY and will always be an ardent advocate of child rights.

I can assure you that he will be an asset to your university. Thanks for your consideration.

We wish him the best of luck for all his future endeavors!
